- V. **Principal's Report:** Mrs. Dickert reported on concerns that came up at the last meeting including: the painting of the parking lot has was postponed due to parking lot resurfacing (which was expedited due to parish safety audit). The tables for under the trees cannot be purchased due to the weight and inability to move them during lawn maintenance. Cementing under the trees is in a holding pattern until approved by the building committee and Father Chad. In the meantime, we can consider repurposing the money or placing it into a savings account. The Garden Committee wanted everyone to know that although they are happy to plant the planters on the south side of the building, they are not responsible for care of the plants on the side of the school. Mrs. Dickert gave a brief summary of the occurrence that took place that prompted her to call for a lockdown of the school and the safety precautions that were taken. The "All Call" system was malfunctioning which caused a lot of confusion. Lockdown to release was less than ten minutes total. The "All Call" system has been fixed. Mrs. Dickert informed parents that teachers will also be receiving additional training for emergency situations. Mrs. Dickert reported that she is also working on seeing if there are alarms that can be put through the "All Call" system.
